

VEGETABLES, FRUITS AND HERBS

DEPT. 209, 4-H & DEPT. 259, FFA

Vegetables, Fruits and Herbs

Superintendent: Kurt Devorak

A standard display will consist of the number of vegetables indicated in each class.

Odd or curious vegetables are not encouraged.

Each exhibitor will be limited to one entry in a variety. All entries shall be in place by 9 p.m. Tuesday, and shall remain in place until 5 p.m. Sunday. Local vegetables must have been grown by exhibitor.

NOTE: Each exhibit shall be uniform in size and color. All root crops should be washed gently not scrubbed to the point that outside skin is injured. Vegetables such as beets, carrots, turnips and onions should have one to two inch stems. Leave root tips on. Fine roots should be taken off, trimmed with shears or sharp knife to avoid injury to the exhibit.

- Onions should have one outside layer of dry skin left on.
- Vegetables such as cabbage and cauliflower should have at least one layer of protective leaves left on and stem cut even with base of the head.
- Tomatoes should have either all stems on or all stems off. Stems should be left on fruit if possible.
- Rhubarb, pull stems from crown, clean, but do not cut. Leave about one inch of leaf at the top.
- Beans (shelling stage) should have well formed beans in pods. No beans missing in pods.
- Beans (snap stage) should have beans in pods not formed enough to be very noticeable.
- Potatoes should have no sunburn, cuts or worm holes.
