Additional Rules and Regulations

- Official Scrapie Tag Requirement: All female sheep and goats, intact breeding males, must be identified with an official Federal Scrapie Flock Identification Tag prior to being admitted for exhibition or sale at the Palouse Empire Fair. This requirement is in compliance with Washington Administrative Code (WAC) Chapter 16-89 "Sheep and Goat Scrapie Disease Control". Listed sheep or goats without proper identification will be refused entry into the Palouse Empire fair.
- No washing of sheep at the Fair without permission of Sheep Barn Superintendent
- Call the Fair Office if you have any cancellations prior to the Fair to allow for adjustments in setting up pens.
- Exhibitor numbers and breeding stock information shall be given to the record keeper as you weigh in.
- Heavy muscled lambs will not be allowed to go through the Market sale or be entered in a market class. They can be shown in the appropriate breed class.
- Lamb Tail Docking: Scientific research indicates that the incidence of rectal prolapse is reduced when the tail is docked in a non-extreme manner. Complete tail removal (extreme docking) is not an accepted sheep production practice and will be discouraged at the Palouse Empire Fair. In order to determine extreme docking, the gray tail docking measuring device

will be used. The device will be raised in vertical plane and should catch enough tail to lift: this is comparable to two fingers width. A violation has occurred if there is inadequate tail to lift. The exhibitor will be informed with a correction expected for future Palouse Empire Fair participation.

- Lambs are not allowed out of the barn during the Fair with the exception of showing in the arena, prep work on the stands between Sheep and Swine Barns, and removal of lamb to exhibitor's home. Removal is only allowed with Superintendent's permission and knowledge.
