Open

Grain, Oil Seeds, Pulse, and Forage Crops

Exhibit Tag Information

Department: 109

Division: (See listing below)

Class: (located under Division)

General Rules and Regulations

All entries shall be in place by 9 p.m. Tuesday, and shall remain in place until 4:01 p.m. Sunday.

Only grain harvested in current year is eligible for entry. Each exhibitor may enter one exhibit of each variety he/she produced. Separate adult and youth awards are given for entries within each class.

PREPARATION OF GRAIN SHEAVES:

- Grain Sheaves should be prepared in advance of show.
- After grain is ripe, in hard dough stage, select heads in the field, true to type, good color, long stiff straws and well filled heads free from disease.
- Cut these off at ground level, three to five times the necessary amount to complete one sheaf.
- Be careful not to break straw in handling.
- Spread sample to dry in sun for a day or two or hang in dry shed, heads down in small bundles.
- Do not allow grain sheaf to get wet.
- When green color is entirely gone and straw dries, bind in bundles, tying with a soft cloth, which will not cut the straw.
- Make bundles three inches in diameter at the center band.
- Tie snugly and tape in three places and hang in a dry place with heads down.
- One quart of thresher run grain, by variety, shall constitute an exhibit, unless noted.

Entries will be judged on the following basis:

- Purity as to variety and freedom from weed seed, other grains and foreign material.
- Uniformity in shape, size and color of kernels.
- Test weight.

Division 1 - Certified Commercial Grain

Points Awarded: Blue 20, Red 15, White 10

Rules:

- Only grain harvested/grown from foundation/registered or certified seed will be eligible for entry in the classification.

Class:
